Farmer-to-Farmer Tanzania Program

Location map of Host organizations

The Farm-to-Farmer (F2F) East t Africa program is a program that leverages US volunteer's expertise e to as s is t small holder farmers. Through F2F, CRS will improve the livelihood s and nutritional status of low income household members through participation in established commodity value chains as producers and s service providers; ii) strengthening com m unity resilience to s hocks such as droughts, that ad adversely affect livelihood s; and iii) preserving/enhancing natural resources. CRS will also increase the American public's understanding of international development program s and foster increased cross s-cultural understanding between hos t countries and US volunteer

Program Period: September 2013-September 2018
