Medical Clearance

For your upcoming travel with CRS to _____ from _____ to _____, you obtained a medical clearance from your physician which CRS has on hand. It is valid for one year and expires on ____/____/_____. If this is a repeat trip for you, CRS will rely upon that clearance unless you elect to obtain an updated clearance from your physician.

Medical Insurance

CRS provides overseas medical and evacuation insurance coverage for fellows for the duration of the assignment. Medical professionals may determine that certain conditions warrant continuing care for a specified timeframe after the return of the fellow to the US. CRS is not liable for any conditions or expenses whatsoever not covered by its insurance policy. Therefore, CRS' International Agricultural Fellowship Program requires all fellows be covered by a valid medical insurance policy, valid for coverage in the U.S. prior to and through at least the month following the assignment. Please provide your policy information below.
